MiFID II Product governance

According to the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended (“MiFID II”); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures, the target market assessment in respect of the Notes offered in the global offering has led to the conclusion that : (i) the target market of the Notes is eligible counterparties and professional clients, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate (the “Target Market Assessment”). Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer’s Target Market Assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s Target Market Assessment) and determining appropriate distribution channels.

The Target Market Assessment is conducted solely for the purposes of the manufacturer’s product approval process and neither constitutes an assessment for any particular client of suitability or appropriateness for the purposes of MiFID II nor a recommendation to invest in, or purchase, or take any other action whatsoever with respect to the Notes.

Notwithstanding the Target Market Assessment, the attention of distributors is drawn to the fact that: the price of the Notes may decline and investors could lose all or part of their investment; the Notes offer no guaranteed income and no capital protection; and that an investment in the Notes is compatible only with investors who do not need a guaranteed Not for distribution, directly or indirectly, in the United States, Canada, Japan or Australia 5 income or capital protection, who are capable (either alone or in conjunction with an appropriate financial or other adviser) of evaluating the merits and risks of such an investment and have sufficient resources to be able to bear any losses that may result therefrom.

No assurances can be given that such events or performance will occur as project and actual results may differ materially from these projections.
